8. Student Reports – Bethany – SRC - attendance is down, always open for volunteers to help with their events, chatted about what they do, their dances.

- Last week in Dec was spirit week, from GP said it was well participated.
- Last day of school before Christmas break, there was the dinner and a speaker in the afternoon. He has a presentation with SRC in the morning, about getting the school more involved.
- Started planning for their Telemiracle fundraising, spirit week, carnival, helping hand sales.
- 60-20-20 rule - 20% of the student body will be super positive, 20% of the student body that will be super negative, 60% are on the fence. Focus needs to be on the 60% to change them into the 20% into positive.

9. Kinistin Representative Report – Colleen Cappel – Sept there was 60 students enrolled, Oct attendance was an issue. Colleen got really overwhelmed in Oct because she was solo with all the kids. She said more students are getting involved in school sports.

- December there was many students with behavioral issues, crying out for help, they need more services and supports. She has been asking the leaders back home for some more support, was a work in progress and she now has a team to help her out and take away some of her jobs she was doing.
- She now has an academic coach, a school transition worker, and a community coordinator.
