

Lunch Break Policy

All students who live in town are strongly encouraged to go home for lunch (12:16-1:05). Town students should only need to stay for designated school-related activities they may be involved.

Grade 6 – 9 students staying for lunch must eat lunch in the supervised RECplex commons area or STOP room. Students will be expected to eat respectfully at the table and chairs provided and clean up after themselves.

Grade 10 – 12 students will be able to eat in the commons areas or on the benches in the grade 10 hallway and upstairs. Students should be cleaning up after themselves to continue this privilege.

Fast food that has been bought at local vendors will be eaten in the commons area, rather than in the school.

Middle years students (gr 6 – 8) are discouraged from spending time in the high school wings unless they are attending Study Hall or a school meeting.

High school students (gr 10 – 12) are discouraged from spending time in the middle years' wing, including the washrooms.
